Page	Reference	Instructions	Significant Change
		We provide these instructions to help charter schools (charters) prepare the Charter School Annual Financial Report (AFR). Within the forms, blue font indicates that an instruction is linked to that specific line. The instructions button links to any general instructions or to the first instruction for a page. To return to the related forms after reviewing the instructions, simply click on the form's tab at the bottom of the Excel screen or press the Alt and back arrow keys.	
		The AFR presents condensed financial activity (i.e., beginning and ending balances, revenues and expenses, and budget to actual comparisons of expenses for the fiscal year) of the Charter for comparison purposes. This information assists sponsors, charter governing boards, administrators, ADE, legislators, other governmental agencies, and taxpayers in determining whether charters are meeting their stewardship responsibilities.	
		The Charter should complete the Cover, School listing, and Accounting data tabs first. This file has been designed to populate most amounts automatically based on provided accounting data. The Charter must manually enter amounts to the nearest dollar in the orange highlighted cells. Do not enter information in the shaded areas or protected cells and do not change formulas. Charters must follow all instructions to ensure uploaded files will pass validation checks.	
	General	All actual revenues, expenses, and account balances presented on the AFR must agree with the Charter's accounting records as of June 30, 2023. Revenue and expense account codes used in the AFR agree with the <i>Uniform System of Financial Records for Arizona Charter Schools</i> (USFRCS) Chart of Accounts. Charters that are exempted from all or part of the USFRCS in accordance with A.R.S. §15-183(E)(6) must use an accounting system that allows them to report financial data in the AFR standard expense types and functional uses. See the USFRCS Chart of Accounts for more information on project, function, and object codes and descriptions at https://www.azauditor.gov/reports-publications/charter-schools/manuals-memorandums. Charters should ensure their budget amounts agree to their most recently revised or adopted FY 2023 budget that was submitted to ADE.	
		Revenues must include cash receipts through June 30, 2023, and accrued revenues received after the end of the fiscal year. Examples of accrued revenues are cost reimbursement and entitlement programs, interest earned on investments, and FY 2023 Classroom Site Project revenues.	
		Expenses consist of all expenses incurred during the fiscal year, including expenses for goods and services received on or before June 30, 2023, but not paid for by that date. Examples of items requiring such treatment are included in the USFRCS, pages VI-G-8 and 9.	
		Alerts will appear on the cover page and throughout the form when areas of the AFR are not completed or do not appear to be accurately reported. The alerts will disappear as they are resolved. Detailed descriptions of the alerts, as well as guidance on how to resolve the alerts, can be found on the Alerts tab. Charters should complete all areas of the AFR that apply to their operations, whether or not the item is listed in the alert. These alerts do not replace the need for a separate employee to review the AFR for accuracy and completeness. Charters should ensure that no alerts remain on the cover page before uploading the files.	
Cover	Name, county, CTDS number	The charter name, county, and CTDS number should be entered on the cover page of the AFR. The CTDS number should not contain any slashes, dashes, etc., and must be exactly 9 digits. Zeros should be entered to fill the school portion of the number on the cover page. This information will be automatically transferred to other sheets in the file.	

School listing tab Name, county, CTDS number	Enter school-level information for each school within the Charter including school names, school CTDS numbers, and unweighted attending student counts. As school names are added to the tab, the primary unit code cell for that school will shade red until a primary unit code is entered, as described below. The CTDS numbers in column C should not contain any slashes, dashes, etc., and must be exactly 9 digits. Use 100th-day (or 200th-day) student counts to report each school's unweighted attending student count in column D. Charters can refer to AzEDS AMD-15 Report. Enter the applicable unit code(s) in column E used to code expenses at the school level for each school, as well as the unit code(s) used to code expenses to the Charter and private schools. If more than one unit code was used for a school, separate each unit code with a comma. For example (100, 101, 102). Charters must assign a 3-digit primary unit code in column F for each school as this data will be used in the School-Level AFR. Formulas within the School-Level AFR are set to assign only one unit code to each school, charterwide, and private schools, if applicable. The comments column can be used for additional information to describe the unit codes and primary unit codes.
Accounting data tab General	Charters must complete the Accounting data tab within this workbook. Charters will use the data from the Accounting data tab to complete the AFR and school-level reporting. Charters must copy their accounting data from their accounting records and paste the data into columns A through G in the Accounting data tab within this file. When pasting data, select "Paste Options:" and choose "Values (V)". Paste data into cell A2. Do not copy any column headers into the Accounting data tab or paste over any column headers within the tab. Charters should filter on the data elements in columns A through E and select the appropriate project, program, function, object, and unit for each line item from the dropdown list provided in columns H through L to report within the AFR. If a cell has not been assigned a value, the cell will be highlighted in red. When complete, the form should not have any red highlighted cells in rows with charter submitted data. Any blank rows will remain red highlighted. Charters should select "1310-1399-COVID-19 Federal Relief Projects", "1227-ARP-IDEA Preschool", and "1228-ARP-IDEA Basic" from the dropdown list provided in column H for all expenses and revenues from COVID-19 federal relief projects.
	Charters must assign expenses for Project 1071—English Language Learner and Project 1072—Compensatory Instruction to the following program codes, as applicable, to automatically populate on page 6: *260—English Language Learners incremental costs *430—Pupil transportation-ELL incremental costs *265—English Language Learners compensatory instruction *435—Pupil transportation-ELL compensatory instruction Other Federal Projects 1310-1399 must be identified as COVID-19 and non-COVID-19 related projects. Expenses for function 2700—student transportation must be coded to program codes, as applicable, to automatically populate on page 2, line 29: *400—Pupil transportation-ELL incremental costs *435—Pupil transportation-ELL incremental costs *435—Pupil transportation-ELL compensatory instruction Data with improper codes will highlight yellow. The form should not have any yellow highlighted cells when submitted.
1 General	Report all revenues the Charter received on this page.

1	1600 Food service, line 6	Report all revenues the Charter received from dispensing food to students and adults. If the Charter participates in the National School Lunch Program and completed the Food Service AFR as required, this amount will populate from revenues, line 2 on the Food Service AFR. If the Charter did not collect any revenue from students or adults for food service, enter a 0 value on the line.	
1	3200 Restricted, line 21	Revenues received in the Classroom Site Project (CSP) (project code 1010), Instructional Improvement Project (project code 1020), English Language Learner Project (project code 1071), and Compensatory Instruction Project (project code 1072) should be reported as restricted. In addition, any restricted revenues received for State projects, as reported on page 9, should also be included, as applicable. Classroom Site Project and Instructional Improvement Project YTD Payment Reports can be obtained from ADE at https://apps.azed.gov/SchoolFinanceReports/Reports	
		If you are not following the USFRCS Chart of Accounts, please report these revenues as 3200 restricted for federal survey purposes.	
1	4100, 4300 Unrestricted/restricted received directly from the federal government, line 25	Do not include federal impact aid revenues received on this line. These revenues should be reported on line 28 as 4800 federal impact aid.	
1	4200, 4500 Unrestricted/restricted received from the federal government through the State, line 26	Report unrestricted/restricted revenues received from the federal government through the State on this line, including revenues from COVID-19 federal relief projects, such as the Elementary and Secondary School Emergency Relief (ESSER).	
2	Expenses, lines 1-32	Report expenses for 1000-Schoolwide Project and 1500-1999-Other Special Projects on lines 1 through 32. Do not include the Classroom Site Project (project code 1010), Instructional Improvement Project (project code 1020), English Language Learner Project (project code 1071), Compensatory Instruction Project (project code 1072), or Federal and State Projects (project codes 1100 through 1499) expenses as these expenses are reported on other pages and formulas will populate lines 34 through 38. Report expenses for programs 200-special education and 270-vocational and technical education on lines 17-28. Report expenses for	
		program 400-pupil transportation on line 29. Do not include payments for capital acquisitions, depreciation, impairment expense or principal payments.	
2	Federal and State projects, line 38	The total of budget and actual federal and State project expenses (project codes 1100 through 1499 on page 9) should be included on line 38. The total of budgeted and actual expenses on line 38 should agree with the total of federal and State project expenses on line 34 of page 8.	
3	Classroom Site Project	Expenses made from the CSP (1010) should be made in accordance with A.R.S. §15-977. Schools may establish any CSP subprojects (1011-1019) to track monies for specific allowable purposes or separately account for carryover balances and other one-time CSP monies.	
3	Lines 4	Report expenses for teacher liability insurance premiums made from Project 1010.	
3	Lines 4	Report expenses for teacher liability insurance premiums made from Project 1010.	

3	Line 5	Report allowable CSP amounts for function 3300—community service operations on this line. For example, if a charter included a community school program, such as preschool for children without disabilities, as a CSP-eligible program related to its educational mission, report the teacher salaries and related expenses allowable under CSP here.	
3	Classroom Site Project Property Payments	Report property disbursement, interest, and redemption of principal payments made in accordance with §15-977. Property disbursements should include payments for capital acquisitions, not including related capital lease or other debt service payments. Interest expenses will be charged to object code 6850. Redemption of principal should include payments for principal on capital leases and other long-term debt that reduced the related liability.	
4	Arizona Industry Credentials Incentive project—detailed expenses	Enter the detailed actual expense amounts for the following allowable costs in accordance with A.R.S. §15-249.15: • Instructional costs and professional development for a career technical education program teacher to become a certifying professional for an approved certificate, credential, or license. • To offset the students' cost of certification, credentialing, or licensure. • Developmental costs related to creating, expanding or improving an approved site of a certificate, credential, or license career technical program or course. • Instructional hardware, software, or supplies required for the certification, credentialing, or licensure. • Career exploration in any school grade and awareness activities for parents, students, and the community for the approved sectors.	
6	Section B— Audit services	Record amounts expended in FY 2023 for audit services. Nonfederal audit expense incurred in FY 2023 may be included on the budget for FY 2025 for reimbursement pursuant to A.R.S. § 15 914. In order to receive reimbursement in FY 2025, nonfederal audit expenses must be included in the FY 2023 AFR. Amounts reported must be amounts actually spent in FY 2023. Do not include the costs of consulting or other services paid to audit firms in the nonfederal or federal audit services actual expenses.	
6	Section C— Capital acquisitions	Enter the total increase in capital assets, by asset classification, recorded in the general ledger and on the capital assets list for the year ended June 30, 2023. These amounts represent only the assets acquired during the year costing \$5,000 or more and, for equipment, having useful lives of 1 year or more. The amount should include assets that were purchased or financed. If no acquisitions were made during the year, enter a 0 value in each line. Note: If the Charter's policy is to include intangible assets; land, buildings, and related improvements; site improvements; or equipment costing less than \$5,000 on the capital assets list, these items should also be included.	
6	Section C— Capital acquisitions, line 6	Enter the total increase in construction in progress for the year ended June 30, 2023. This amount is not recorded on the capital assets list until the project is completed. Therefore, it will not appear on the capital assets list as of June 30, 2023.	
6	Section D—Investment in capital assets	Enter the total cost, by asset classification, recorded in the general ledger and on the capital assets list as of June 30, 2023, for items costing \$5,000 or more and, for equipment, having useful lives of 1 year or more. These amounts represent the ending balances in the capital assets accounts, accounting for current year acquisitions and disposals, and should not include depreciation. Note: If the Charter's policy is to include land, buildings, and related improvements; site improvements; or equipment costing less than \$5,000 on the capital assets list, these items should also be included. The sum of lines 1, 2, 3, and 4 should agree with the amount recorded on the Charter's capital assets list as of June 30, 2023.	
6	Section D— Investment in capital assets, line 6	Enter the total cost of construction in progress as of June 30, 2023. This amount is not recorded on the capital assets list as of June 30, 2023.	

6	Section E—Current expenses by category	A.R.S. §15-255 requires the Superintendent of Public Instruction's Annual Report to include total current expenses per pupil and separate per pupil amounts by (1) classroom instruction excluding classroom supplies, (2) classroom supplies, (3) administration, (4) support services—students, and (5) all other support services and operations. ADE will calculate the "per pupil" amounts based on the total current expenses reported on lines 1 through 5 of this section. Current expenses include expenses from all projects for elementary and secondary education (e.g., all schoolwide projects including classroom site, instructional improvement, english language learner, compensatory instruction and most federal and state projects and other special projects). Current expenses do not include tuition paid to other Arizona school charters or charters, outlays for facilities acquisition and construction, furniture, equipment, technology, vehicles, debt retirement, and expenses for nonpublic school programs appropriately recorded in program codes 700, 800, and 900. (e.g., adult/continuing education, community college education, community services, etc.).	
6	Section E— Current expenses by category, lines 7 and 8	The Every Student Succeeds Act (ESSA) requires current expenses to be reported by source. Report the portion of current expenses from line 6 that were paid from federal sources. If no expenses were paid from federal sources, enter a 0 value on line 7. Line 8 contains a formula to calculate the current expenses from State and local sources.	
6	Section F—Number of full-time equivalent teachers	Report the number of full-time equivalent (FTE) certified, noncertified, and contract teachers on lines 1-3, respectively. These amounts may include fractional FTE for part-time teachers. A teacher should be reported on only 1 line. If a teacher is both a certified and contract teacher, report only the applicable FTE on line 3. Do not include instructional aides or assistants.	
6	Section G—Teacher salaries	Report base salaries, overtime, and additional compensation paid to certified and noncertified substitute teachers, and contract teachers. Do not include salaries paid to instructional aides or assistants. Report the salaries based on the appropriate program. If a teacher teaches in more than 1 program, calculate the salary based on the amount of time instructing in each program. If FTE amounts were reported for certified, noncertified, or contract teachers in section F, corresponding salary amounts should be reported in section G.	
6	Section G— Teachers salaries, line 1	Regular education includes expenses coded to program 100, career education programs coded to program 200, and K-3 Reading expenses coded to program 550.	
6	Section G— Teachers salaries, line 2	Special education includes expenses coded to program 200 (excluding ELL incremental costs, compensatory instruction, vocational and technological education, and career education programs).	
6	Section G— Teachers salaries, line 3	Vocational education includes expenses coded to programs 270 and 540.	
6	Section G— Teachers salaries, line 4	Other programs includes expenses coded to programs 260, 265, and 530.	
6	Section G— Teachers salaries, line 5	Cocurricular activities, athletics, and other includes expenses coded to program 600.	
6	Section H— Average teacher salary	Enter the average teacher salary of all teachers employed in FY 2023. Each charter should be consistent in the type of salary information included in this table from year to year, as similarly reported in the budget. An optional comment box is available to provide any additional detail regarding the average teacher salary calculation. Ensure the average teacher salary amount reported for FY 2022 pulls correctly from the prior year AFR.	

	I		I
6	Section I— Management Organization Types	Select the type of organization from the drop down menu and report the management organization details (if applicable): Charter Management Organization (CMO) - A non-profit organization that operates and manages a network of charter schools (either through a contract or as the charter holder) linked by centralized support, operations, and oversight. Education Management Organization (EMO) - A for-profit entity that operates or manages a network of charter schools (either through a contract or as the charter holder) linked by centralized support, operations, and oversight. Single Management (non-profit) - A non-profit organization that is not a CMO or EMO and that provides management services to one charter school. Single Management (for-profit) - A for-profit entity that is not a CMO or EMO and that provides management services to one charter school.	ADE-required information. Please contact ADE's School Finance Budget Team with questions about questions about completing this section.
7	Sections B and C— Total gifted expenses	Total actual gifted expenses in sections B and C must agree.	
7	Section C—Special ed. programs by type	Enter only the amounts of expenses for special education programs by type for 1000-Schoolwide Project and 1500-1999-Other Special Projects. Federal and state projects' special education expenses are reported on page 8 and should not be reported here. Retain supporting documentation for the allocation of expenses to individual special education programs. Charters should report actual total expenses in Program 200—Special Education for disability classifications defined in A.R.S. §15. 761 on line 1, Total All Disability Classifications. The amounts entered on line 1 and line 8 are used by ADE in the calculation of maintenance of effort. The total expenses for all of these programs on line 8 must agree to the total 1000-Schoolwide Project and 1500-1999 Other Special projects, programs 200 expenses reported on page 2, line 28.	
7	Section C—Total all disability classifications	Enter total expenses for the disability classifications defined in A.R.S. §15-761.	
7	Section C—Transportation	Charters should report actual total transportation expenses coded within program 400 for transporting students whose IEPs require transportation as necessary for the provision of free and appropriate public education (FAPE).	
8	Federal and State projects	Amounts for indirect costs, expenses, capital acquisitions, redemption of principal, and ending balance should agree with the Charter's completion reports filed with the ADE Grants Management Office. Manually enter in any amounts for reversions (monies returned to the grantor) and capital acquisitions and principal payments. Do not include payments for depreciation or impairment expense.	
8	Impact aid and other federal projects, lines 16, 17, and 19	Enter Impact Aid amounts on line 16. Enter all Other Federal Projects (less Impact Aid), including amounts for COVID-19 federal relief projects, such as the Elementary and Secondary School Emergency Relief (ESSER) programs, on line 17. Separately report revenues and expenses for COVID-19 federal relief projects on line 19. All COVID-19 related amounts must be identified as 1227-ARP-IDEA Preschool, 1228-ARP-IDEA Basic or 1310-1399-COVID-19 Federal Relief Projects on the Accounting data tab. If the Charter does not have any amounts to report, enter a 0 value for each item as applicable.	
8	Results-Based Funding	In accordance with A.R.S. §15-249.08, all charters that received monies for Project 1457-Results-Based Funding must separately complete ADE's Results Based Fund Report. The completed form should be uploaded to ADE along with the AFR, as it is required by November 1. Instructions for completing the report are included in the separate form. Additional questions about completing the Result Based Fund Report should be directed to ADE's School Finance Budget Team. sfbudgetteam@azed.gov	

8	Federal and State projects, line 34	The total budget and actual expenses on line 33 should agree with the total column for federal and State projects on line 38 on page 2.	
9	General	ADE will use the information included on this page to complete the National Public Education Financial Survey (NPEFS) and Form 33 issued by the National Center for Education Statistics. All charters are required to submit NPEFS data, which is used to calculate a State per pupil expenditure amount that is used in the formula for allocating a number of federal program funds to states and local education agencies, including Title I, Impact Aid, and Indian Education. Other programs use State per pupil expenditure data indirectly because their allocation formulas are based, in whole or in part, on State Title I allocations. The NPEFS and Form 33 data is also used by researchers and government policymakers to address important education policy and research issues. Report all amounts from Projects 1000 through 1999 on this page. Do not include principal payments. If the charter has a negative amount in cell G25 (supplies from State and local sources), the negative amount is likely from an adjustment	
		made to recognize spending from Child nutrition program revenues reported in the afr23-food service.xlsx file as federal spending rather than State and local spending where the Food Service Project is initially reported. If there is a negative amount in cell G25: 1. Note the amount of the negative balance and add that amount at the end of the formula in cell G25 (for example "+200") to clear the	
		negative. Then you must subtract that amount in total (for example "-200") at the end of the formula(s) for one or more of the other State and local spending cells (D25 through F25 or H25 through K25), without creating a negative balance in any of those cells. 2. Finally, to complete this adjustment, add the adjustment amount(s) from step 1 above to the applicable federal source columns by	
		object code in cells D24 through K24.	
9	Property disbursements	Property disbursements should include actual payments made during the year for capital acquisitions, not including related capital lease or other debt service payments. Property disbursements for nonfixed (movable) equipment in programs 100 through 600 should be allocated to functions 1000 through 4000 based on the intended use of the equipment. All other property disbursements for these programs should be included in function 4000.	
9	Property disbursements by type	Property disbursements for buildings should include only disbursements for the purchase of existing buildings. All disbursements for construction services for buildings and building improvements (whether or not construction is in progress at year-end) should be included on the construction line. Do not include capital lease or other debt service payments. Total property disbursements in this table should equal the sum of property disbursements in the 2 preceding tables above. If no disbursements were made during the year, enter a 0 value in each line.	
9	Debt service	Debt service amounts should include interest, redemption of principal, and other expenses for programs 100-630. Interest should be expenses charged to object code 6850. Redemption of principal should include payments made during the year for principal on capital leases and other long-term debt that were recorded as a reduction of the related liability. All other expenses coded within the 6800 object range, function 5000, should be included in line 6800 Other.	
9	Revenue from selected federal sources	Report revenues received from selected federal sources listed on lines 1 through 4. 1. Student Support and Academic Enrichment Grants (subgrants from States only) (ESEA IV-A-1, section 4105) The purpose of this grant is to improve students' academic achievement by increasing the capacity of States, local educational agencies, schools, and local communities to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology in order to improve the academic achievement and digital literacy of all students. Additional information is available at the following link:	
		https://www.azed.gov/titleiv-a/	
		2. 21st Century Community Learning Centers (subgrants from States only—excludes awards under national activities) (ESEA IV-B) This program is funded by a federal grant from the U.S. Department of Education and administered by the Arizona Department of Education. Additional information is available at the following link:	

	•		
		https://www.azed.gov/21stcclc/federal-and-state-regulations/	
		3. Rural education - Rural and Low-Income School program (RLIS) (ESEA V-B-2, section 5221)	
		The purpose of this program is to provide for equity in cases where rural or low-income schools receive allocations insufficient for their needs and are at a competitive disadvantage for other grants. Additional information is available at the following link:	
		needs and are at a competitive disadvantage for other grants. Additional information is available at the following link:	
		https://www.azed.gov/titlei/sample-page/rural-low-income-schools-rlis/	
		4. Rural education - Small, Rural School Achievement program (SRSA) (ESEA V-B-1, section 5211)	
		This program authorizes the U.S. Secretary of Education to award formula grants directly to eligible LEAs (i.e., those LEAs eligible under	
		the alternative uses of funds program) to carry out activities authorized under other specified federal programs. Additional information is available at the following link:	
		https://www.azed.gov/titlei/reap/	
		For support assistance for federal and State grants, please contact the Arizona Department of Education's Grants Management Team:	
•		https://www.azed.gov/grants-management/contact/	
9		Charters should report ending balance amounts of cash and investments (at market value) for the following funds:	
	fiscal year end	Sinking funds — funds containing reserves held specifically for redemption of long-term debt.	
		Bond funds — funds containing unexpended proceeds of bond issues that were being held pending their disbursement. Other funds — all other funds, exclude any employee retirement funds.	
		other rands an other rands, exclude any employee remember rands.	
		Include cash balances; cash on hand; certificates of deposit; federal securities; State and local government securities; mortgages; and	
		corporate stocks, bonds, and notes. Exclude accounts receivable, value of real property, and all nonsecurity assets.	
		This section was added to the AFR to assist with Form 33 reporting to NCES.	
9	Long-term and short-term	Long-term debt—Report beginning and ending balances for all bonded indebtedness and any other interest-bearing debt with a term of	
	debt	more than 1 year on lines 1 and 4, respectively. Include bonds, notes, and loans. Report all long-term debt issued during the fiscal year on	
		line 2. Report all principal payments made on long-term debt during the fiscal year on line 3.	
		Short-term debt—Report beginning and ending balances for interest-bearing debt with a term of 1 year or less such as bank revolving	
		lines of credit and other short-term debt. Charters with short-term debt activity but no beginning and ending balances should report 0 on	
		lines 5 and 6.	
		DO NOT INCLUDE lease purchase agreements, compensated absences, accounts payable, and other noninterest bearing obligations in	
		amounts reported in this section.	
		This is a little of AFD and the NOTE	
		This section was added to the AFR to assist with Form 33 reporting to NCES.	
9	Utilities and energy services	Report expenses for utility services, such as water and sewage services, coded to object code 6410, and energy expenses, such as	
	6,	electricity, gas, coal, and gasoline, coded to object codes 6621-6626. Services received from public or private utility companies should be	
		reported here. Do <u>not</u> include expenses for telephone or internet services.	

9	Technology detail	Charters must report detailed technology-related technical services expenses, technology-related repairs and maintenance, and rental of	
		computers and related equipment (object codes 6330, 6432, and 6441) in lines 1 through 3. Do not include nontechnology-related technical services expenses such as purchasing and warehouses services not related to technology.	
		Report expenses for telecommunications coded to object code 6531 on line 4. These amounts should only include expenses for telephone and voice communication services, and voicemail; data communication services to establish or maintain computer-based communications, networking, and Internet services; video communications services to establish or maintain one-way or two-way video communications via satellite, cable, or other devices billed by the service provider.	
		Report expenses for technology-related supplies coded to object code 6650 and technology-related hardware and software costs below the capitalization threshold on line 5. For technology-related supplies, include expenses for supplies that are typically used in conjunction with technology-related hardware or software (e.g., compact discs, flash drives, cables, and monitor stands). Technology-related hardware and software costs that exceed the capitalization threshold should be reported on line 6. Do <u>not</u> include expenses for nontechnology-related equipment such as machinery, vehicles, and furniture.	
9	Support services-instruction detail	Charters must report detailed support services-instruction expenses for improvement of instruction and library/media services (function codes 2220 and 2230) in lines 1 and 2.
